 **Join AccAdvisory Pty Ltd – Senior Operational Finance Analyst (Mining) – Newcastle, KZN (Onsite)** 

 **Location:** Newcastle, KwaZulu-Natal (Onsite)

 **Company:** AccAdvisory Pty Ltd – Leaders in Mining Financial Excellence

 **Employment Type:** Full-Time

About Us:

At **AccAdvisory Pty Ltd**, we specialize in delivering **strategic financial solutions** for the mining sector, driving efficiency and profitability through data-driven insights. As we expand our footprint, we're seeking a **Senior Operational Finance Analyst** to join our team and make a tangible impact on mining operations.

Your Role:

- **Cost Optimization:** Analyze and optimize mining operational costs (labour, equipment, energy) to enhance profitability.
- **Budgeting & Forecasting:** Lead the annual budgeting process and rolling forecasts for mining projects (CAPEX/OPEX).
- **Performance Reporting:** Develop and track KPIs (cost per tonne, production efficiency) for senior management.
- **Business Partnering:** Collaborate with mine managers, engineers, and supply chain teams to align financial and operational goals.
- **Process Improvement:** Implement automation tools (Power BI, ERP systems) to streamline financial reporting.
- **Risk & Compliance:** Ensure adherence to financial policies and mitigate operational risks in a dynamic mining environment.

What You Bring:

 **5+ years in operational finance, FP&A, or cost accounting** (mining, manufacturing, or heavy industry preferred).
